### EAGLES SPORTS

March 11, 2024

**Mission Statement:** Our mission is to inspire academic excellence; to nurture curiosity, creativity, and imagination and to do so within an environment rich with warmth, kindness, and respect.

## Montessori Parent Education: Metal Insets

Metal Insets prepare a child's hand for writing by strengthening the pincer grip (appropriate grasp of a tool), developing the necessary wrist movement for writing, and teaching lightness of touch and evenness of pressure with a writing instrument through tracing geometric shapes. ([amshq.org](http://amshq.org))

## Hands on Science

In a lower elementary classroom, students eagerly engage in a hands-on science lesson exploring the fascinating journey of the water cycle. With curiosity sparking in their eyes, they embark on a journey through condensation, precipitation, and evaporation. Through interactive experiments and guided exploration, they grasp the intricate processes governing nature's water cycle.

## Pancake Dinner

Thank you to everyone who came out and supported the Middle School Pancaked Dinner Fundraiser. The students got practical life skills in preparing your dinner and organizing a fundraiser.

Also, thank you the staff who stayed late and supported our students. We appreciate you!
