KidsFest 2023

We thank all the families and staff for making KidsFest 2023 a memorable event. Students from Kindergarten through eighth grade participated in the WMPCS annual event. We traveled to 10 countries around the world, from Egypt to Iceland and New Zealand to Spain. We celebrated these countries with traditional food and dance.

Mission Statement: Our mission is to inspire academic excellence; to nurture curiosity, creativity, and imagination and to do so within an environment rich with warmth, kindness, and respect.

Montessori Parent Education: Stamp Game

The Stamp Game is Montessori is an activity of color-coded tiles and skittles that are designed to represent quantities and teach children mathematical operations in a more abstract fashion. This material is typically introduced when children are 4.5—5 years old and have worked with concrete math materials, such as the Golden Bead Material, number rods and Sandpaper Numbers.

Children's House has Chicks!

Children's House has been so excited to see all 7 of their baby chicks hatch. They had 100% success! The children practiced patience waiting 21 days for the chicks to hatch. Seeing some of the chicks hatch was a thrill. They are enjoying holding the chicks as well.
