Senior Breakfast with Children's House

Oh The Places They Will Go...from Children's House to High School and Beyond! What a wonderful opportunity for our Seniors to return to Children's House where their first days of school began -- one of the gifts of a K-12 school -- guiding our students to reach their full potential from Children's House to high school. Ms. JoDee and Mrs. Johnson's students treated our seniors to breakfast and then a reading of Dr. Seuss's *Oh The Places You'll Go*. "You're off the Great Places! You're off and away! Step with care and great tact and remember that Life's a Great Balancing Act. And will you succeed? Yes, you will indeed! You'll move mountains...and your mountain is waiting!" We wish you all the best in your next journey and the adventures that await!

WMPCS Senior Spotlight

WMPCS senior Olivia Holton has attended Washington Montessori since 4th grade. She is the secretary for the WMPCS FFA Chapter and the National Honor Society. Olivia played for the WMPCS basketball team from 7th through 11th grade. She has been dancing for about 13 years, including five years with a competitive dance team. She was an actor for two seasons in the symphonic outdoor drama *The Lost Colony* in Manteo, NC, where she played a colonist. Olivia will attend Meredith College in the fall, with plans to study Child Development. She earned a Merit scholarship and will be a part of Meredith's Teaching Scholars and Honors College programs!

Mission Statement: Our mission is to inspire academic excellence; to nurture curiosity, creativity, and imagination and to do so within an environment rich with warmth, kindness, and respect.

Montessori Parent Education: Hundreds Board

The Hundred Board is a key Montessori Mathematics material, which helps children make the leap from the recognition of numbers, to understanding how they belong in a sequence. As the name suggests, it focuses specifically on numbers 1 – 100.

The Hundred Board material includes a blue wooden board divided into 100 squares, a control card with the numbers 1 – 100 printed on it, and small number tiles from 1 – 100 which are kept in a small wooden box.. (www.montessoriacademy.com)
