**Mission Statement:** Our mission is to inspire academic excellence; to nurture curiosity, creativity, and imagination and to do so within an environment rich with warmth, kindness, and respect.

## Montessori Parent Education: The Golden Beads

The Golden Bead Material introduces the child to the decimal system with concrete representations of place value. Children are able to see the transition that takes place when a number gets to 10 and an exchange is necessary. Quantity and place value are explored through equations in addition, subtraction, multiplication, and division. (amshq.org)

The Golden Bead material is introduced in Children's House and used through Upper Elementary.

(Children's House student practices Golden Bead addition with Fluffy the class pet.)

## Violin Tour Group—Pie Donations Needed

For 20 years WMPCS has donated pies to the residents of "The Village Residential Complex" (located off Avon Ave. in Washington) for their Thanksgiving Holiday. Our Violin Tour Group will be providing music and delivering the pies on Tuesday, Nov. 21, 2023. If you would like to help with this service project, please donate a pie and bring it to the office or the music room by Monday, Nov. 20, 2023.

## Physical Science High School

Students as Material Scientists have been studying the physical and chemical properties of compounds; this week it was a compound they made in class, SLIME!
